Assembly
instructions

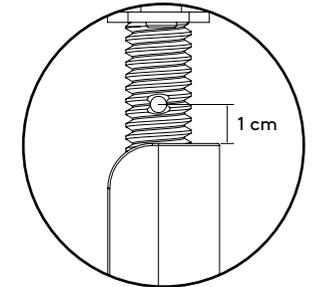

Please follow step 1 - 8.

1.1 #5

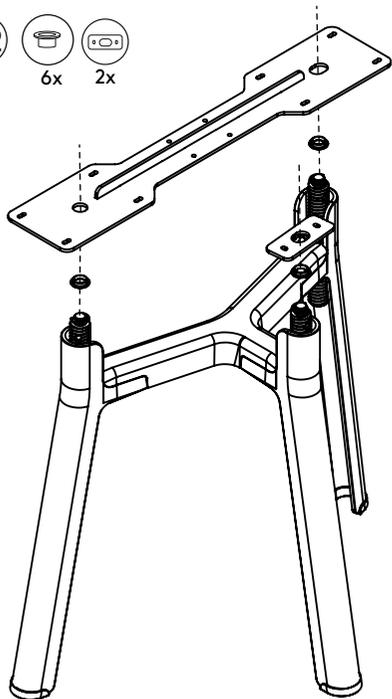

Turn the spindles until the hole is approximately 1cm above the top of the leg

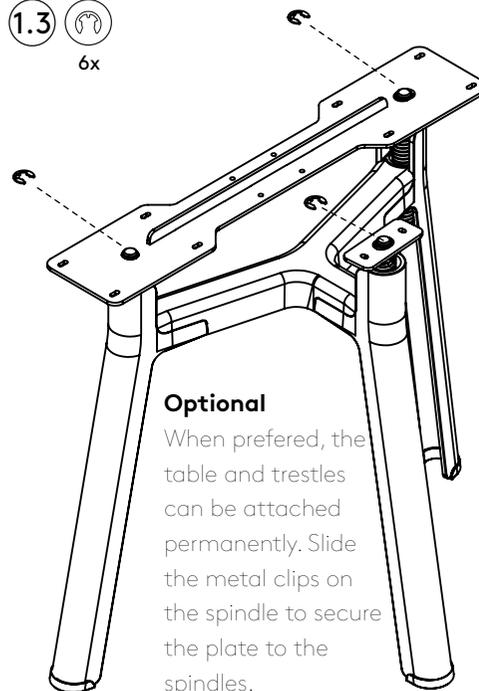

! - Make sure the holes align properly with the provided screws.

1.2 6x 2x

1.3 6x

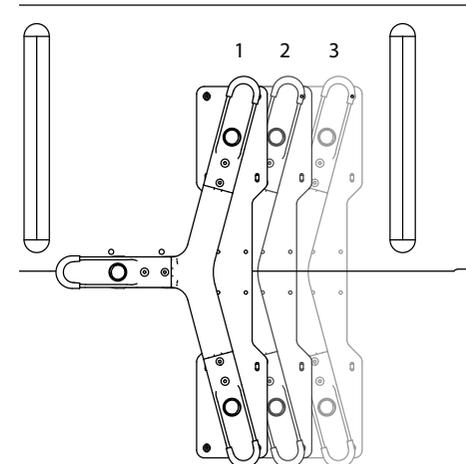

Optional

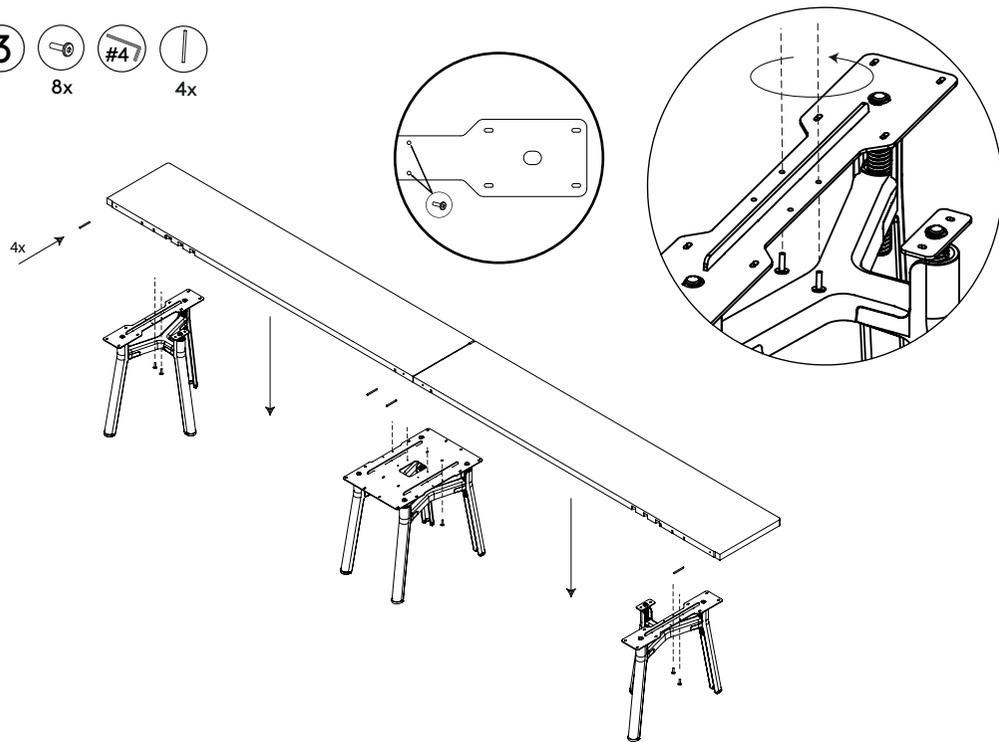

When preferred, the table and trestles can be attached permanently. Slide the metal clips on the spindle to secure the plate to the spindles.

8

When adjusting the height of the spindles, first adjust the two outer spindles, and the spindles of the middle assembly with 4 legs. Then adjust the most inward spindle

Make sure that the table is level

Make sure that the spindles are extended to the same height
