

PRODUCT ECO PASSPORT

MATERIALS (PERCENTAGE BY WEIGHT)

Based on: Re-volve Light upholstered | 8,5 kg

CERTIFICATES

Within Arco's leather collection there are Reach or Blaue Engel certified leathers. Our fabric suppliers also offer a wide range of certified fabrics.

SUSTAINABLE FEATURES

recycle

repair

made in Holland

The chair is designed with sustainability in mind; easy to re-assemble and re-upholster. At the end of its lifespan, the chair's components can be separated and reintegrated into the circular economy.

ADDITIONAL INFORMATION

Plywood & Oak veneer: FSC certified
Foam: Circlefoam
Lacquer: Water-based
Glue: Water-based

In keeping with Arco's commitment to the environment, Re-volve Light is made with circular and sustainable materials like **recycled foam** instead of virgin foam.

PACKAGING & LOGISTICS

Our packaging is produced by means of an "on-demand packaging machine". The packaging is exactly tailored for each product, using a minimal amount of packaging material. Moreover in this way the product is optimally packed and well protected during transport. The carriers that collaborate with Arco give, just as Arco, high priority to durability. They aim at reducing the CO₂-emissions through, among others, the use of cleaner engines (EURO VI), the effort in reducing fuel consumption, optimizing the loading space and optimal planning.

WARRANTY

All Arco furniture is made with exceptionally high-quality materials and produced with the greatest possible care. If, despite this, something goes wrong, we will of course be happy to resolve the problem professionally. Arco furniture is guaranteed for 5 years. Please visit our website www.arco.nl to see the guarantee conditions.
